A **Declining Balance Account** works in a similar manner to a debit card. Pay the retail price for meals, including dining hall meals, and it can be used at all restaurants and convenience stores on campus. Deposit \$700 and you can add to your balance at any time. The unused balance carries forward until you graduate or leave school. You may also defer payment of your Declining Balance Account if the expected amount of your financial aid award is large enough to cover your Declining Balance account PLUS the amount of your tuition and any bookstore deferment you may have chosen.
